Mr. N. A. Muschmow
Curator of the Royal Coin Cabinet
Sofia, Bulgaria

Dear Sir:

Will you kindly give me the name of some book-seller from whom I can procure the volume recently published by you, listing and describing the hoards of Greek and Roman coins found in Bulgaria, or preserved in the National Collection there?

If you have record of other hoards of Greek coins which have been discovered since this publication, I should appreciate having a brief statement regarding them as we are preparing a bibliography of Greek coin hoards, and are desirous of embodying all such material as we can find.

Very truly yours,

Secretary
